1. Введение

MINEPLEX PTE. LTD. is a new generation mobile crypto bank with its own liquid token. At the heart of the project is an exceptional balance between the traditional financial system, blockchain technology and the power of mobile applications.

The goal of **MINEPLEX PTE. LTD.** is to create a reliable and convenient mobile cryptobank for the daily use of cryptocurrencies anywhere in the world: paying bills, buying goods, preserving and increasing assets.

The mission of **MINEPLEX PTE. LTD.** is to expand the influence of the blockchain and its comprehensive integration into real life areas. We want to remove restrictions on access to the world of cryptocurrencies that separate miners and ordinary users. Implement accessible, understandable and simple financial instruments for the use of cryptocurrencies and fiat. To implement the project, we are developing our own unique blockchain with the **Liquid Proof-of-Stake (LPoS)** consensus algorithm, which combines advantages such as simplicity, speed and decentralization.

Issuing a MinePlex debit card will allow you to use cryptocurrency every day without restrictions and without overpaying commissions. The system's own token will give access to all the benefits of the service. A feature will be the gradual addition of tokens created by project users to the **MINEPLEX PTE. LTD.** list. **MINEPLEX PTE. LTD.** cards will work with payment systems such as Visa, MasterCard and UnionPay worldwide.

This document applies to the <https://mineplex.io> website and its subdomains. **MINEPLEX PTE. LTD.** (hereinafter referred to as the "Company"), registered in the State of Singapore, registration number 202025952D, legal address: *10 Anson road # 20-05 International Plaza Singapore 079903*, is the copyright holder of the site and provides access to the website <https://mineplex.io> and its subdomains, applications, crypto wallets and other products and services of the Company (collectively, the "Services").

The Company may change this document and its associated Privacy Policy from time to time; if material changes are made, the Company will post a notice so that you can review the changes before continuing to use the Services. Your continued use of the Services following the posting or distribution of a notice of changes to the Privacy Policy means that you agree to the changes. If you do not agree to any of the changes, you may close your account.

2.1. MinePlex website

The Company's website is a software and hardware complex located at: <https://mineplex.io>, owned by the Company, and providing an information platform for the Client to carry out the actions provided for by the User Agreement and its Annexes on the Internet.

2.2. Blockchain MinePlex

2.2.1 Features of the MinePlex blockchain

1. The decentralized MinePlex system is built on the multi-stage architecture of the Tezos blockchain, which allows you to make changes and upgrade the system without hard forks.
2. The most important element of the blockchain are smart contracts developed in the Michelson language, which is used in the aerospace industry, where the cost of error is especially high.

Address: 10 Anson Road # 20-05 International Plaza Singapore 079903

2.2.2. The MinePlex blockchain speeds up and simplifies crypto-to-fiat transactions:

- a single application for accessing cards and wallets is protected by several levels of security;
- buying and selling cryptocurrency and fiat in seconds without leaving your wallet;
- payment of utilities, repayment of a loan, sending a transfer in cryptocurrency and fiat;
- all operations are carried out directly. They can be verified by participants in transactions because they remain in the ledger of records;
- The security protocol in the decentralized system automatically blocks scammers.

2.2.3. Characteristics of Mineplex Banking platform tokens

В основе экосистемы MINEPLEX PTE. LTD. находятся 2 токена: MINE и PLEX.

MINE	Base (native) token, which is a unit of computing power of the MinePlex blockchain required to create (generate) a PLEX token. Serves as a means of paying internal commissions. The MINE token is not subject to volatility and its nominal value is \$0.01.
PLEX	Liquid token with limited emission. The emission of the PLEX token occurs every new block, i.e. once a minute, according to the emission algorithm pre-written in the blockchain. Due to the fact that the emission is limited, and its rate and size decrease over time, the PLEX token has a deflationary nature.

2.2.4. Technical characteristics of tokens

Ticker	MINE	PLEX
Purpose	unit of computing power	payment instrument
Initial issue	259 200 000 000	0

Maximum emission 259 200 000 000 414 720 000

A number of symbols after comma	4 symbols	4 4 symbols
Starting price	0,01 USD	0,20 USD
Blockchain	MinePlex	MinePlex
Receiving method	purchase in your personal account, exchange for PLEX within the blockchain, P2P	is charged for staking the Mine token, purchase on the exchange after listing, P2P

Address: 10 Anson Road # 20-05 International Plaza Singapore 079903

2.2.5. Issue of tokens

2.2.5.1. MINE token issue

- The issue of the MINE token is 259,200,000,000.
- 10% of the issue (25,920,000,000 MINE) is the reserve fund of MinePlex Banking. Part of the reserve fund tokens in the amount of 2,592,000,000 will form the initial stake, which in turn will provide the starting price of the PLEX token.
- 20% of the issue (51,840,000,000 MINE) will be allocated for sale through your personal account.
- 70% of the issue (181,440,000,000 MINE) will be on a special smart contract that exchanges PLEX tokens for MINE tokens within the blockchain.

2.2.5.2. PLEX token issue

Этап	1	2	3	4	Всего
------	---	---	---	---	-------

issue per block 600 300 150 75

Блоков за этап	172 800	345 600	691 200	1 382 400	2 592 000
Блоков за этап	103 680 000	103 680 000	103 680 000	103 680 000	414 720 000

The size of 1 block is 1 minute.

2.3. MinePlex Wallet

MinePlex wallet is a multi-currency software wallet with support for various types of cryptocurrencies, tokens, internal account units of the site, connected to the User's Personal Account.

The MinePlex Wallet is designed for quick and easy use of cryptocurrencies. Thanks to mobile access, you can flexibly manage assets and analyze your portfolio at any time. At the start, the wallet will support its own MINE and PLEX tokens, and by the spring of 2021, support for more than 20 major cryptocurrencies (USDT, BTC, ETH, etc.) will be introduced.

2.4. Personal account dashboard.collabor.place

Dashboard.collabor.place personal account is an information personalized automated workspace maintained by the Company, a subsystem of the Site, which is the User's personal page and allows for remote interaction in electronic form.

The Personal Account can be used only by the User in whose name it is registered. The Company reserves the right to suspend, block or cancel a Personal Account that is being used by another person. The User must notify the Company immediately if the User suspects or is aware of the unauthorized use of his username and password. The Company is not liable for any loss or damage resulting from the use of the Personal Account by the User or any third party (regardless of whether the use by the User is permitted or not).

DIGITAL PAYMENT TOKEN SERVICE RISK WARNING

The Monetary Authority of Singapore (MAS) requires us to provide this risk warning to you as a customer of a digital payment token service provider (TPT). Before you pay a TPT provider any money or TPT, you should know the following:

1. Your TPT provider is exempt from MAS from owning a TPT service license. Please note that you will not be able to return all the money or TPT you paid to your TPT provider if your TPT provider's business fails.
2. You should not trade with TPT if you are not familiar with that TPT. Operations at the TPT may not be suitable for you if you are not familiar with the technology provided by the TPT services.
3. You should be aware that the cost of TPT can fluctuate. You should only buy TPT if you are willing to accept the risk of losing all the money you have invested in such tokens.
