

# COLLABOR PLACE

The presentation of the Collabor Place platform

# Why do you need to join a Collabor Place?

## The community

Become part of the active crypto investment community, entrepreneurs, leaders and enthusiasts that unite 68 countries around the world. Find answers to your questions, improve your knowledge at the Learning Academy, attend in the events and outings created by Collabor.events, show yourself as a speaker and enlist the support of like-minded people.

## The technologies

We deeply studied the market, and we chose a strategic partner who created an innovative digital ecosystem that actively solves all the current problems of participants in the crypto space. Its products and services allow you to securely store, to manage tokens, to earn passive income on stacking, to use modern solution as for enterprises, as for ordinary users.

## The business

Collabor Place opens up opportunities not only to learn cryptocurrency, but also to make money on it. Being the strategic partner of MinePlex Banking we have developed our profit system not only in steaking, but also in the promotion of advanced products and the construction of our own affiliate network. Become part of the team and start earning money with us!

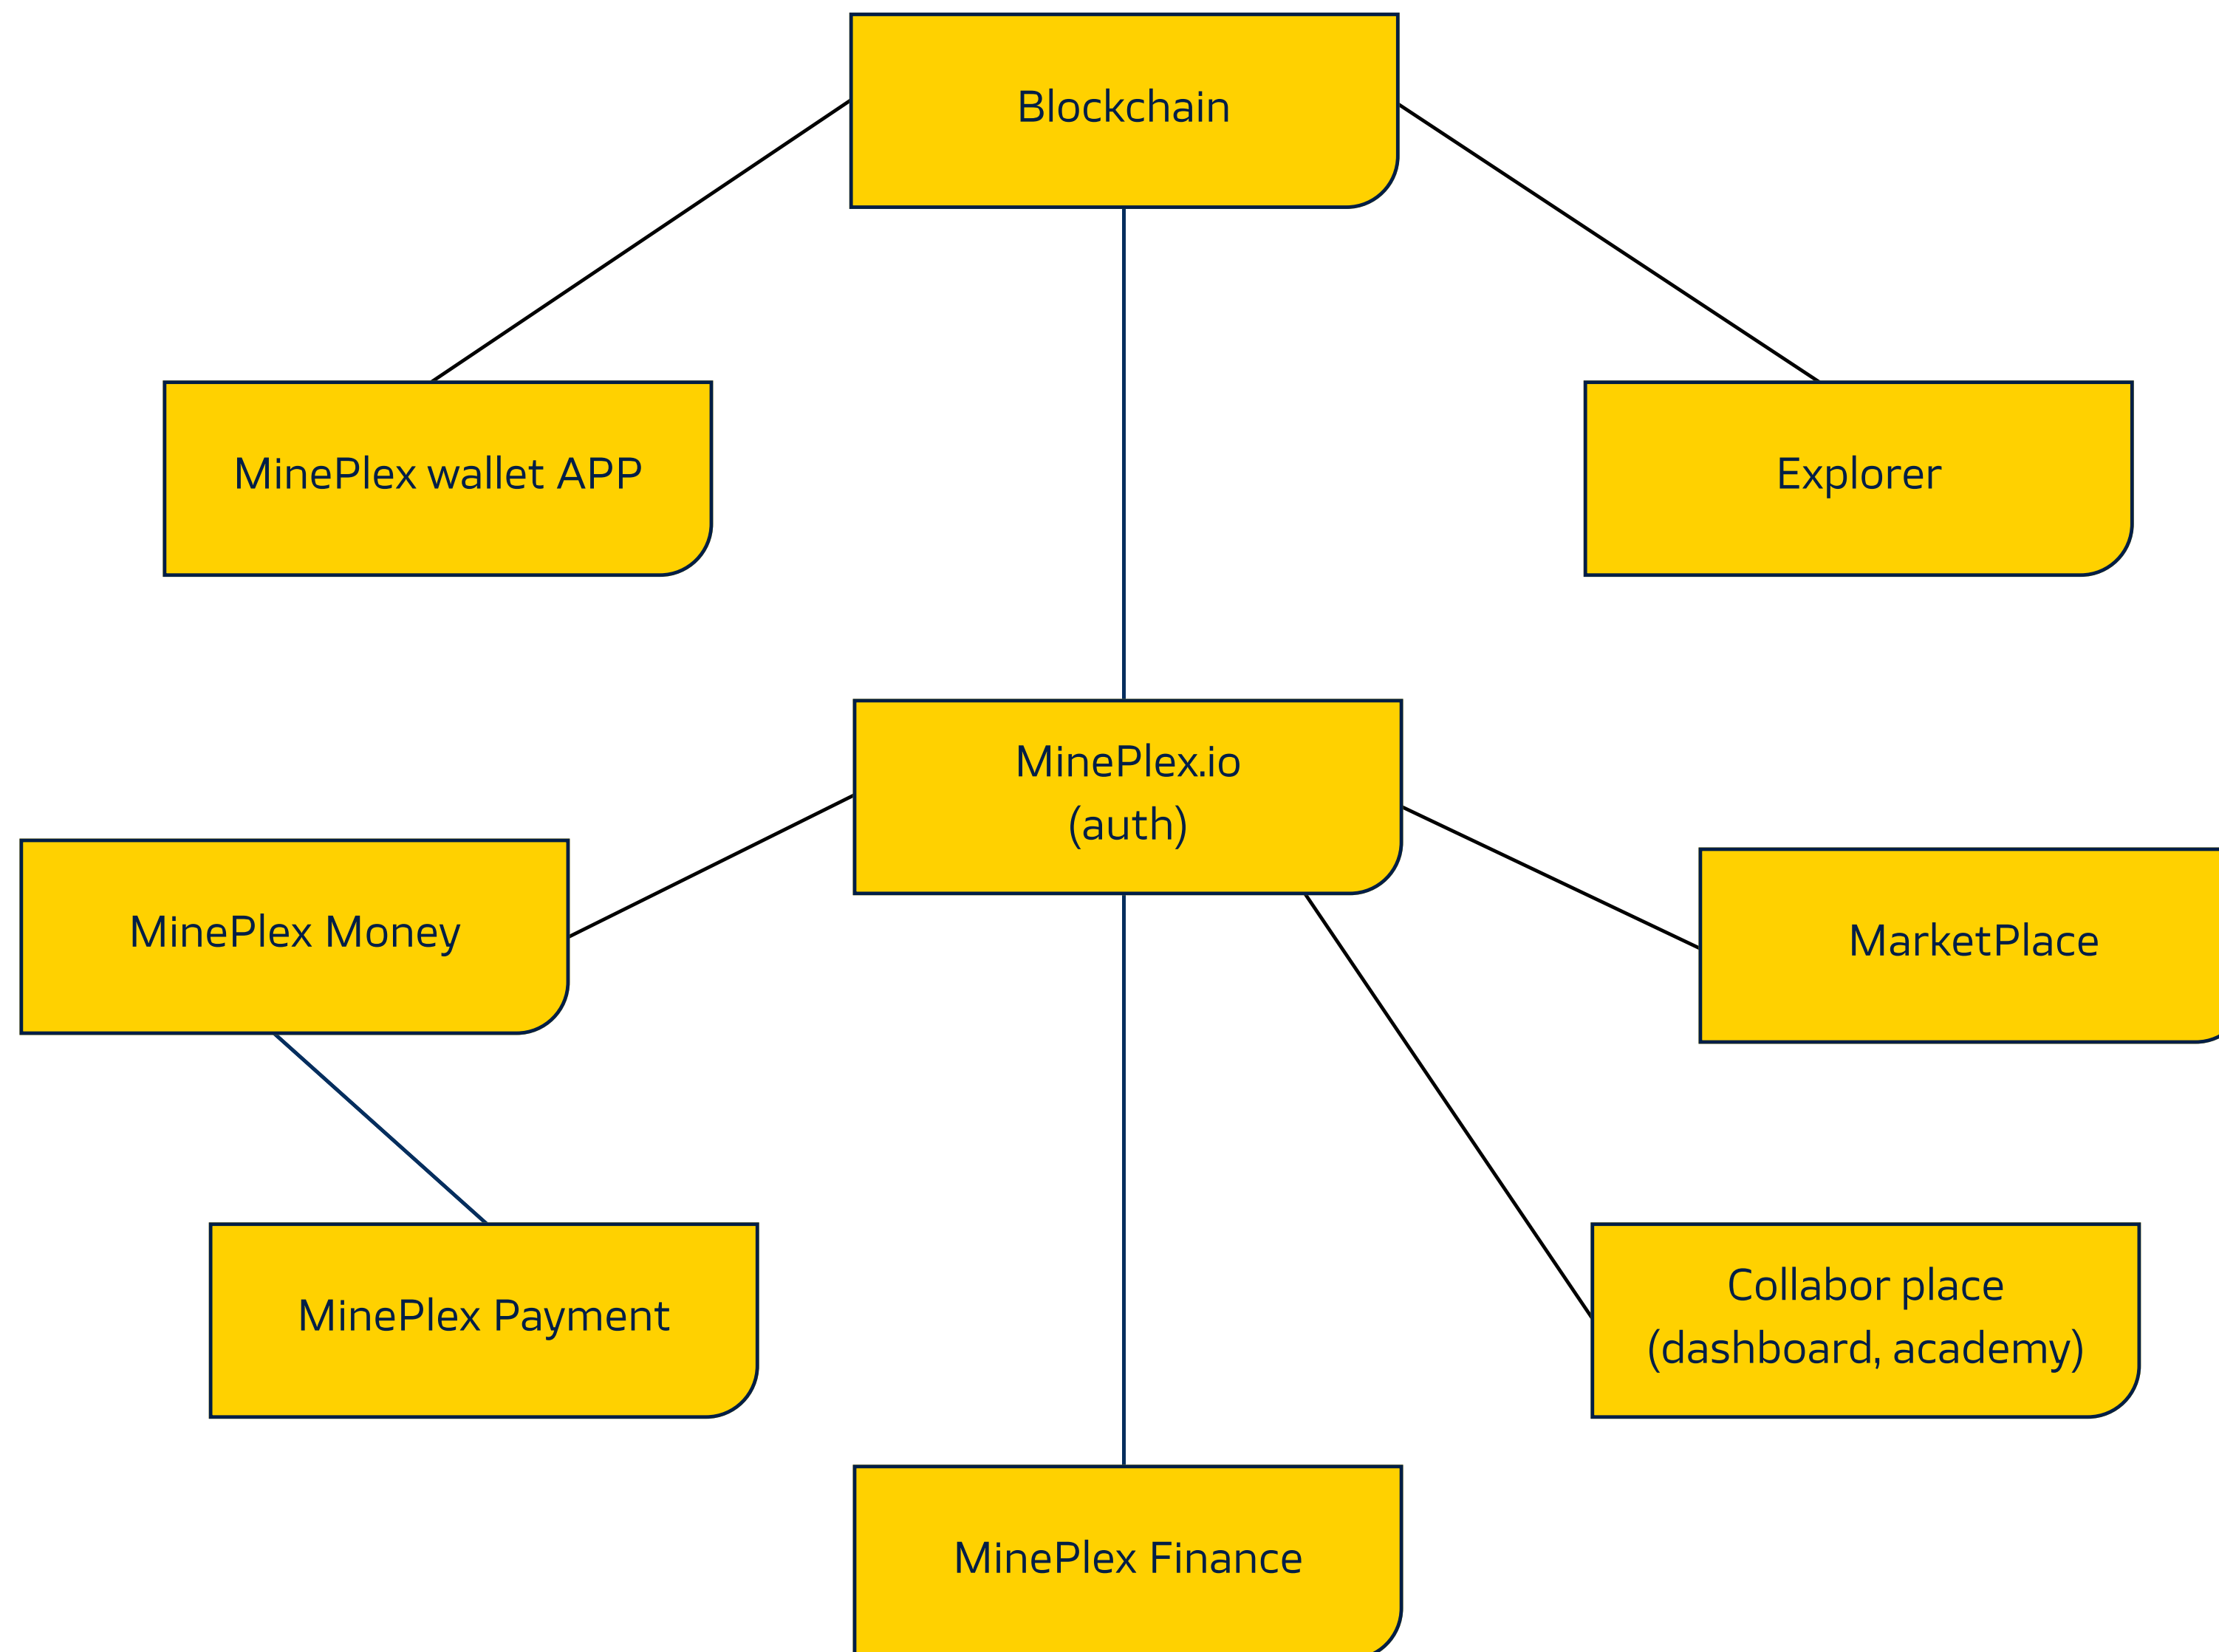

# About MinePlex

-  MinePlex is a next generation digital ecosystem that creates advanced and modern payment solutions. The company uses a unique CrossFi technology, which synthesizes the stability of traditional finance and transparency and blockchain technology security.
-  Founded in 2020 and headquartered in Singapore, the company has already launched 9 real products to the crypto market. MinePlex develops community in 68 countries, solving common problems faced by crypto space participants.

# MinePlex Ecosystem

# MinePlex Ecosystem

MinePlex digital ecosystem products and services are advanced, modern daily payment solutions for all users around the globe.

MinePlex ecosystem includes:

- 3 services that provide maximum usability for users
- 5 products that use PLEX token
- 2 MinePlex blockchain with staking capability

## Services

- 1 mineplex.io**
- 2 MinePlex Wallet App**
- 3 Explorer**

## Products

- 1 MinePlex Money**
- 2 MinePlex Payment**
- 3 MinePlex.Finance**
- 4 Marketplace**
- 5 Collabor.Place**

# The MinePlex Blockchain

**In 2020, the MinePlex team developed a blockchain with two native tokens. It was created on Tezos architecture with LPoS (Liquid Proof of Stake) consensus. This consensus allows any node of the network to be validating.**

The uniqueness of the blockchain is that it has two native tokens MINE and PLEX, the issue of which is limited.

MINE is a basic token, a unit of computing power of the MinePlex blockchain, necessary for generating new PLEX tokens on the network by placing them in a staking. A means of paying fees for transactions in the blockchain.

PLEX is a utility token that opens access to the services and products of the MinePlex ecosystem. It is necessary to generate new MINE tokens on the network by conversion.

<https://github.com/mineplexio>

Tokens have utilitarian functions and are directly used in the project services.

**In 2022, bridges between the MinePlex blockchain and the Ethereum (ETH); Binance Smart Chain (BSC); Polygon (MATIC) networks were created to scale the system.**

# Passive income

Passive income in MinePlex is implemented on the blockchain. All MINE holders who have staked them mine PLEX. PLEX provides access to the products and services of the MinePlex ecosystem.

The basic formula for calculating yield:

$$PD = ( (P / 100) * (M / E) ) / B$$

## CONSTANTS

P - basic profitability per plexus, 20% for 30 days

B - the number of blocks in 30 days = 43200

## VARIABLES

M - total stake of MINE tokens

E - emission of PLEX tokens per block

# Passive income

$$PD = ( (20 / 100) * ( 2\,592\,000\,000 / 600 ) ) / 43\,200$$

20 / 100 - with this action we express the basic profitability per plexus, in fractional form = 0.20

2,592,000,000 / 600 – determine the stake size in MINE tokens required to mine 1 (one) PLEX token per block = 4,320,000 MINE.

0.2 \* 4,320,000 - determine the size of the base reward in MINE tokens for 30 days = 864,000

864 000 / 43 200 - determine the complexity of the plexus = 20

**The MINE token is used as the basis for calculating the base yield in the MinePlex network, since it is the basic unit of computing power and is required to pay commissions.**

For a stake equal to 4,320,000 MINE, the reward for 30 days in the amount of 20% is 864,000 MINE.

A stake of 4,320,000 mines 1 PLEX token each block. This means that 43,200 PLEX will be mined in 30 days (the number of tokens mined per block (1 PLEX) is multiplied by the number of blocks in 30 days (60\*24\*30) we get 43,200)

We multiply the number of PLEX tokens by the complexity of the plexus 43,200 \* 20 = 864,000 MINE.

# Where PLEX is traded

PLEX is traded on 8 major global crypto exchanges:

# The new MinePlex 2.0 blockchain

In 2022, the team decided on a major update of the project, a phased transition to the new Tendermint Core architecture and the creation of a second version of the MinePlex blockchain.

## Advantages of Tendermint:

- Unlimited scaling possibilities.
- Up to 1 million transactions per second at peak load
- The block time is 5 seconds with the possibility of reducing to 1 second.
- Users create their own custom coins in one click.
- Users create their own tokens based on the blockchain with their own logic.

# The new MinePlex 2.0 blockchain

**The new blockchain, as in the first version, is based on two native coins: XMine (MPX) and CrossFi (XFI).**

- MPX is a non-volatile token with unlimited issue.
- XFI is a volatile token with a limited issue.

By its functions, the MPX coin can be compared with the MINE token, and XFI - with the PLEX token.

The XFI coin, like PLEX, will be used in all products and services of the MinePlex ecosystem: Wallet, Finance, Payment, Marketplace and others.

All owners of the MPX coin will have the opportunity to create their own custom coin in one click.

The issue of XFI coins is designed for 20 years and has 5 stages of issue.

# Passive income MinePlex 2.0

Formula for calculating the basic profitability:

$$100/12 - 100/12 * 0,165 \sim 7\%$$

The formula for the initial cost of XFI:

$$((P / 100) * (M / E)) / B$$

P – basic return for staking = 7% in 30 days

B – number of blocks in 30 days = 518 400

M – total stake of MPX tokens = 4 000 000 000

E – issue of XFI tokens per block = 5

Thus, the initial exchange rate of the XFI coin is ~ \$ 1.

This calculation will not carry mathematical accuracy. It is needed to justify the initial cost of XFI and its exchange rate when listing on the stock exchange.

**The company's strategy throughout the entire XFI issue period will be aimed at 100% payback of MPX for the year. This will be associated with the marketing activities of the project, the development of new technologies and their introduction into other ecosystems, the release of new products, partner collaborations, the expansion of the ecosystem and the geographical expansion of MinePlex.**

market

## Mineplex.io [mineplex.io](https://mineplex.io)

Official website of the project with official updates and latest news. Single point of entry into the MinePlex ecosystem, which allows you to comfortably work with all products. Security is provided by the authorization system and security, reinforced by three modules.

## MinePlex Wallet App

Mobile app MinePlex Wallet for IOS and Android. Create wallets, securely store and manage MINE, PLEX, BTC, USDT, MPX and XFI tokens in one click.

## Explorer <https://explorer.mineplex.io/>

One of the central tools of the MinePlex blockchain and Mineplex 2.0 blockchain. Users can get here all the information about the events, happening on the blockchain: track the price and turnover of PLEX, MINE, XFI and MPX, see transactions and general information about wallets and plexus pools.

## MinePlex Money <https://auth.mineplex.io/ru/auth/login>

Your personal account in MinePlex. Electronic payment system for payments in the MinePlex ecosystem and Mineplex. Payments based on cryptocurrencies. Allows you to store and use the main cryptocurrencies and MINE, PLEX, MPX and XFI tokens, order cards and carry out offline and online payments.

# MinePlex ecosystem services and products

## **Collabor.Place** <https://collabor.place/#main>

A space for the smart, modern, free and independent. This is a community of people who earn on cryptocurrencies and investments.

## **MinePlex Payment** <https://mineplex.cash/home>

A crypto-acquiring platform for business. It allows you to develop your business and connect cryptocurrency payments. Convenient and easy entry into the crypto industry for business: ready-made payment pages for accepting online payments in fiat and cryptocurrency, currency selection for payments, MinePlex POS terminals, tools for creating your own payment pages, etc.

## **MinePlex.Finance** <https://mineplex.finance>

CrossFi is a new generation financial mobile platform. Bank account and online financial services in euros, pounds sterling and PLEX tokens in your mobile phone anywhere. Currently being updated. Stay tuned for the latest releases!

## **Marketplace** <https://mineplex.market>

An Internet platform where user has an opportunity to buy goods directly for PLEX tokens. With this innovative tool of commodity staking, you can get a product for part of its cost. Currently being updated. Stay tuned for the latest releases!

# MinePlex team

## **Alexander Mamasidikov, CEO & Co-Founder**

An expert in the field of crypto industry and digital marketing. 72+ projects in the field of international fintech, blockchain, CrossFi, etc. One of the first professionals who took part in the development of IEO. Entered the Top 20 blockchain entrepreneurs according to PublishOx, Top 40 Financial Entrepreneurs 2021 according to Techtimes and Top 5 best blockchain marketing experts and cryptocurrencies. For more than 15 years, Alexander has been engaged in development and implementation of PR strategies. Since 2015 he works in global fintech and blockchain projects. Author of an expert column at [benzinga.com](https://benzinga.com). Author of articles on digital marketing, blockchain and fintech for Forbes and the world's largest financial publishers. Participant of the largest conferences and digital summits in the crypto industry.

# MinePlex team

## **Fedor Bogorodskiy, Financial Advisor**

An expert with 27 years of experience in banking and finance who contributed to the development and implementation of the world's first national cryptocurrency in Venezuela. He took part in the first introduction of MasterCard cards in Russia - the main participant of the system through the CARDCENTR processing center. Fedor was involved in the creation of the first network of ATMs and electronic POS-terminals in Russia with the participation of Sberbank and more than 50 banks that are the main participants in international payment systems. Participant in the creation of a Financial institution in Europe - StreamPay S.A., Latvia. Founder of a platform for processing programs for issuing and acquiring MasterCard, VISA, Discover, AMEX, MIR, UnionPay cards for banks and payment systems, an Internet acquiring platform for operators and integrators of e-commerce business, including using ApplePay, SamsungPay and other modern payment instruments in Europe, America and Asia. Author of economic works on the implementation and management of interbank and national processing centers at the state level. Representative of Uruguay at the UNESCO Creative Cities Cultural Forum, organizer of international teleconferences and conferences.

## **Vlad Babitsky, CTO**

Senior IT Developer since 2010. More than 50 successfully implemented projects in the fields of fintech, blockchain, medicine, satellite monitoring, etc.

# MinePlex team

## **Dill Narzi, CEO of Collabor.Place**

Entrepreneur, blogger, influencer. Musician, author of his own songs. Member of the jury of various competitions in show business. Member of the Writers Guild engaged in poetry. Fashion designer. Coach, business trainer and motivator. Creator of a huge number of events at the international level. An international leader in the network business, the creator of the international community.

## **Alexey Ermilov, Director of Development MinePlex Banking**

IT development, project adviser, crypto investor.

CDO Mineplex is official representative of Russia, CIS, Indonesia. CEO Sreda Management (Indonesia). Founder DAO Mineclub, CEO Mineclub academy. In 2022, he was a speaker at international conferences in 6 countries: Vietnam, Indonesia, UAE, Kyrgyzstan, Belarus and Russia.

He spoke to 3,000 people at a crypto forum in Vietnam.

Launched a training marathon "Blockchain in Russian", which has already been attended by more than 1000 people.

Raised the "Blockchain in Russian" node and brought it to the TOP-1 among all nodes in the MinePlex blockchain.

5 people became dollar millionaires under the personal mentorship of Alexei.

Alexey's expert opinion has been published in articles in Forbes, Rambler/Finance, "Novye Izvestia", BeinCrypto, Delovoy Petersburg and other authoritative publications.

# COLLABOR PLACE

a place where your freedom begins

# Educational MinePlex partner programs

By using educational platforms of our partners, you can receive education in the field of cryptocurrencies, finance, blockchain, and trading.

## Now training starts here:

- [Mine Club Academy](#)

International online academy for teaching investments and earnings on cryptocurrency and blockchain technologies.

- [Crypto Wiki & Digital Alchemist](#)

Educational channels with useful information about blockchain, nodes, and cryptocurrencies with educational quizzes and tests.

- [Cryptomatika](#)

Innovative educational and practical training center.

- [CryptoStartup](#)

Intensive with Anastasia Lozovskaya, where you can learn from scratch the topic of cryptocurrency and the MinePlex ecosystem.

- [Marathon «EFFECTIVE START IN MLM» from Alexei Yermolin](#)

System knowledge for a quick start in an affiliate program, skills in the psychology of sales and building a business in MLM.

Another kind of MinePlex educational program - **Collabor camp**. It takes place offline in various parts of the world for any partners of the company who have completed a special seasonal promo. At such meetings, news sessions are held, as well as training events, award ceremonies for leaders, entertaining team holidays, and Gala dinners. Offline meetings are held in the best resorts around the world.

# COLLABOR PLACE Foundation

To solve the strategic issues and tasks of the community, a COUNCIL and a special FUND were created, which will be replenished with 5% of the sale of partner packages (in MPX).

The COLLABOR Council will decide on the allocation of these funds to the necessary activities and goals for the development of the community.

The COLLABOR Council will work on the principle of DAO, where leaders who have confirmed their status will be able to vote on important decisions for the community. Participation in the voting and promotion of the initiative will be paid for by the MPX coin.

## **Council leaders are:**

- Dill Narzi, CEO COLLABOR PLACE
- Alexey Ermilov, Director of Development MinePlex Banking

# MinePlex charity

Charity is one of the important vectors of MinePlex activity. The company specifically supports charitable foundations that help various categories of citizens in solving their life difficulties. The team regularly develops and conducts fundraising campaigns and ensures that all funds reach the addressees.

The company sends 1% of the cost of each purchased package to charity. A separate wallet will be created, where funds will be transferred, and then distributed to charitable foundations.

# Office program

The program leader, starting from the rank of Director, gets the opportunity to open a company office in his region. He will be the official consultant of the products of the Collaboration platform.Place.

## Terms of participation

- Get the rank of Director and higher.
- To make a turnover in its structure in the amount of 50,000 USDT in one month after receiving the rank.
- Fill out a special application for opening an office and send it by mail.

After reviewing the application within a few days, the company decides to open an office. The company allocates funds in the amount of 5% of the leader's turnover to open an office: design and repair of premises, purchase of furniture and equipment. Then 1% of the leader's turnover is paid per month for office rent after opening.

# Ambassador program

Ambassadors are not official employees of the company, but enjoy all products and represent the brand in their region.

The most active leaders receive support from the company to open a regional office.

Company ambassadors can work directly with multiple countries, having the opportunity to interact with regional directors in order to organize global events and trips to the company's head office.

Ambassadors are appointed by directors, by the company or independently reach the corresponding rank. They have the right to hold events of any kind: from online to live meetings.

mineplex

# Ambassadors in person

Here will be photos of top leaders who will become company representatives by voting. They will work in different countries.

For program details, see [Collabor.Place](#).

# Merch

The company provides all partners with their own developed merch with Collabor.Place. logos. There will be programs to encourage partners in the form of branded gifts and goods.

# Collabor.Place. Packages

**There are 8 packages which differ in:**

- Price
- PLEX conversion limit
- The number of bonuses and their size
- PV conversion limit

**Packages allow you to:**

- Issue new MINE tokens by converting the PLEX token
- Receive bonuses in PV from sold packages
- Convert PV to MINE, PLEX and USDT

Daily limit on PV to PLEX or USDT conversion

# XFI, PLEX and PV conversion limits

The limits are set in USDT and have dynamic indicators, which are calculated at the moment of conversion using the following formulas:

-  PV to PLEX -  $\text{USDT Limit} / \text{PLEX Exchange Rate}$
-  PV to USDT from 1 to 1 (Professional package)
-  PLEX/XFI в MPX - limit is set in MPX coin

5%

5%

Get **7%** of the packages' value sold  
from 1 line

Bonuses are credited instantly, at  
the moment of payment  
confirmation.

You additionally receive 1-5%  
bonuses from the 2nd line  
depending on the activated  
package.

## 2. Trading bonus

Each partner takes their place in the trading structure.  
Trading bonus has two parallel directions of development.

Depending on the activated package, you are credited with a different percentage of the bonus in PV:

- **Start - 0%**
- **Small - 5%**
- **Client - 8%**
- **Business and higher - 10%**

PV is credited from the cost of activated packages by your partners and goes to the direction's total offset.

To activate PV, each parallel must accumulate 100 PV.

# Ranks

The Collabor.Place partner program provides a ranking system. The conditions for obtaining ranks depend on the personal turnover, the turnover of the network and the ranks of personally invited partners. When you reach certain ranks, you increase your earning opportunities. After reaching a certain rank, it is assigned forever, you do not need to confirm it.

Rank	Activated Package	Personal turnover, USDT	Trade turnover of the entire USDT structure	Ranks of personally invited partners
 Assistant	from Small		from 5000	
 Manager	from Client	from 1000	from 16000	3x Assistant
 Master	from Buisness	from 3000	from 45000	2x Manager 2xAssistant
 Director	from Professional	from 8000	from 135000	2xMaster 2xManager 1xAssistant
 Consul	from Premium	from 22000	from 535000	3xDirector 2xMaster 1xManager
 Vice President	VIP	from 45000	from 2010000	3xConsul 2xDirector 2xMaster
 President	VIP	from 90000	from 8000000	3x Vice President 3xConsul 2xDirector

# 3. Matching bonus

Increase your income by helping to build the structure and turnover of your personally invited members, and get bonuses from the income of invited members from five levels at once! The volume to receive the bonus is calculated per month of sales.

The larger the personal invitation team that sells, the higher the income from this bonus.

	 Master	 Director	 Consul	 Vice President	 President
1st line	<b>10%</b>	<b>10%</b>	<b>10%</b>	<b>10%</b>	<b>10%</b>
2nd line	—	<b>10%</b>	<b>10%</b>	<b>10%</b>	<b>10%</b>
3rd line	—	—	<b>10%</b>	<b>10%</b>	<b>10%</b>
4th line	—	—	—	<b>3%</b>	<b>3%</b>
5th line	—	—	—	—	<b>2%</b>

\* The bonus is paid with compression, for minus interest in the lower structure.

# 4. Career bonus

A career bonus is an additional reward from the turnover of the entire structure. It is accrued for the 1st day of the following month when a certain rank is reached.

rank	% of payments from total sales in the structure
 Assistant	1%
 Manager	2%
 Master	3%
 Director	4%
 Consul	5%
 Vice President	6%
 President	7%

\* The bonus is paid with compression, that is, minus interest in the descending structure.

# 5. Global bonus

**Bonus for leaders who have reached the maximum status in the company.**

**5%** of total turnover is distributed among active partners who fulfill the qualification conditions.

**2%**

are distributed among partners who have reached the ranks

**Consul**

**Vice President**

**President**

**1,5%**

are distributed among partners who have reached the ranks

**Vice President**

**President**

**1,5%**

are distributed among partners who have reached the ranks

**President**

The global bonus is awarded for the 1st day of the following month.

## 6. PLEX Bonus

---

5% of partner purchases of PLEX tokens are distributed according to the structure of personal invitations.

### 1 %:

-  Personally invited
-  The second line
-  The third line

### 0,5%:

-  The fourth line
-  The fifth line
-  The sixth line
-  The seventh line

# 7. Promotional bonus

It is necessary to pay during promotions
